

The world's favourite lock

**Yale®**

*in***Touch™**

## Welcome to the Yale® Digital World

Yale® inTouch™ is a stand-alone touchscreen access lock that combines robust cylindrical locksets with a contemporary electronic aesthetic.

Users benefit from an interactive touchscreen that makes day-to-day access effortless and offers voice-guided programming for simple updates to user information in the event of staffing changes or security breaches.

Ideal for a wide variety of applications, inTouch is recommended for management offices, patient records storage, storerooms, staff lounges, restroom doors, etc. Anywhere that requires simple controlled access is an ideal place for inTouch!

inTouch is engineered for quick and easy installation and fits into the standard 54mm cylindrical lock preparation with one additional 19mm hole.
