

Aria Venting Wedgeless Window Fastener

INTERLOCK™
ASSA ABLOY

ASSA ABLOY, the global leader
in door opening solutions.

The Aria Venting Wedgeless Fastener is both unique and innovative. Created with opposing tongues, the fastener allows controlled ventilation especially in windy conditions. Its wedgeless and concealed fixing design was developed with the end user and the fabricator in mind, as it enables easy installation, product operation and improves aesthetics. Suitable for use on either aluminium or uPVC, casement or awning windows.

Features

- Concealed fixing
- Wedgeless design
- Made with a high quality pressure die-cast main body
- 6mm, face fixing fastener
- Quality Interlock friction joint providing tested and proven durability
- Opposing tongue allows for one smooth motion from closed to venting position

Options

- Left and right-handed models available
- Available in a range of powdercoat, special colours and satin chrome finishes
