small profile digital door lock

The SYDM3212 is a slimline and stylish digital door lock with a small profile mortice. It has two access solutions - PIN code or proximity card, and is available is two different colours - Gloss Black or Wine Red.

Suitable for both timber and aluminium applications, this compact design is both a stylish and cost effective solution for your home.
VARIOUS ACCESS

Two access solutions, PIN code or proximity card for your convenience.

ALARM (BREAK-IN / DAMAGE)

80dB alarm goes off if anyone attempts to damage the lock or force the door open.

INVISIBLE KEYPAD

Keypad numbers visible only when the screen is activated.

SMART TOUCHPAD

To prevent the password from being exposed due to residual fingerprints after opening a door, a new technology has been adopted to complete the door opening process by wiping the keypad with your palm after entering the password.

AUTOMATIC LOCKING

Automatically locks the door after checking it is properly closed. (Manual operation is also selectable)

LOW BATTERY AND EMERGENCY POWER

It warns in case of low battery with alarm and LED. When the batteries are completely discharged, you can easily supply power to the lock with a standard 9V battery.

CLUTCH MECHANISM MORTICE

Fast and secure locking.

ACCESSORIES

Remote control, wall remote*, prox dots and aluminium strike kits are all available as optional accessories.

Remote control and wall remote require receiver module, sold separately.
